the construction of pavements, there was some objections and the Municipal council took the same into consideration and slightly modified the said bye-laws and also omitted certain items relating to deposit of materials on roads and considered that this was unnecessary for the present

Copy of the resolutions finally passed by the council in their meeting dated 30 to 1920 together with the notice of publication of the draft bye-laws in the town & petition of some of the inhabitants of the town containing their objections are enclosed for favour of perusal.

It may be mentioned here that as regards the bye-laws relative to water supply the executive Engineer Sanitary Division who was consulted was agreeable to the framing of necessary bye-laws for levying taxes

one copy of this letter is enclosed for information. We have objections to give house connections at present, but as some connections have already been given & the taxes have to be levied, the sanitary Engineer has no objection to the bye-laws which were framed with that object. M. Laughton states that the council will not ordinarily give any house connections until the water supply is improved and the department is consulted in the matter.

The entire file of correspondence is enclosed.

I request therefore that sanction of Government may kindly be obtained for the bye-laws in question.

1. ఇంటర్నెట్ అంటే ఏమిటి? దాని ఉపయోగాలు ఏమిటి?

(a) ఇంటర్నెట్ అనేది ప్రపంచవ్యాప్తంగా ఉన్న కంప్యూటర్లను ఒకదానితో ఒకటి కలిపే "private connection" అందరికీ ఉంటే ఒకరు ఒకరితో మాట్లాడుకోవడానికి వీలుగా ఉంటుంది. ఇది ఒక పెద్ద కంప్యూటర్ నెట్‌వర్క్ లాంటిది. ఇందులో ఎవరైనా ఎక్కడి నుండైనా ఎప్పుడైనా సమాచారాన్ని పంపవచ్చు, పొందవచ్చు.

(b) ఇంటర్నెట్ వల్ల మనకు అనేక ఉపయోగాలు ఉన్నాయి. ఇంటర్నెట్ ద్వారా మనం ఒకరితో ఒకరు మాట్లాడుకోవచ్చు, వీడియో కాల్స్ చేసుకోవచ్చు, ఫోటోలు, వీడియోలు పంపుకోవచ్చు. ఇంటర్నెట్ ద్వారా మనం ఎన్నో రకాల సమాచారాన్ని తెలుసుకోవచ్చు. ఇంటర్నెట్ ద్వారా మనం ఎన్నో రకాల వస్తువులను కొనుగోలు చేయవచ్చు.

I have the honor to forward herewith an extract from the Resolutions of the meeting of the Municipal council held on the 25th of April 1918 regarding the granting of temporary water connections, in the Chintamani Town

town. and to state that on the
representation of several of the
inhabitants that the inconveniences
felt by them in getting water from
public fountains were unbearable
it was resolved that temporary
house connections for 15 houses
might in the first instance, be
granted subject to the conditions
that if for any reason, it was
considered desirable to stop the
connections the same might be
done and that no compensation
would be claimed therefor and
further that a temporary water-
- rate of Rs 6/- per annum should
be levied for each of the houses

which required connections

The water-rate was, after discussion specially fixed high in order to limit the applications only to very needy cases

In the above circumstances I have the honor to request, that under Section 59 clause VIII of the Municipal Regulation, Government May be pleased to Sanction the levy of the water-rate at Rs 6/- per annum with effect from the year 1918-19
